Gevo Announces Participation in Upcoming Citi Climate Change & Water Investment Conference

May 27, 2011

ENGLEWOOD, Colo., May 27, 2011 (BUSINESS WIRE) -- Gevo, Inc. (NASDAQ: GEVO), a renewable chemicals and advanced biofuels company, today announced that it will participate in the Transport Session of Citi's Climate Change & Water Investment Conference on Monday, June 6th from 3:00 p.m. to 5:30 p.m. GMT in London, UK (10:00 a.m. - 12:30 p.m. EDT). The Transport Session is a panel that will feature a presentation by Mark Smith, Gevo's Chief Financial Officer, followed by a Question & Answer session with all participating companies. The panel will not be webcast.

About Gevo

Gevo is developing capital efficient biorefinery systems to provide renewable, cost-effective building block products to the chemical and fuel industries. The Company seeks to convert renewable raw materials into isobutanol and renewable hydrocarbons that can be directly integrated on a "drop in" basis into existing chemical and fuel products to deliver environmental and economic benefits. Gevo is committed to a sustainable biobased economy that meets society's needs for plentiful food and clean air and water. For more information, visit www.gevo.com.
